Our business

Barentz is a Distributor of products for the Pharmaceutical, Personal Care, Human Food and Animal Nutrition industry sectors. Our Head Office is based in The Netherlands.

Our Suppliers

We have considered risks within our business as a Distributor and through our TACCP, VACCP, HACCP (Thread, Vulnerability and Hazard Analysis Critical Control Point) process have identified that our choice of partnership with third party suppliers is crucial to assuring our position as a leading Distributor.

To this end, we have developed systems to ensure that Barentz represents leading, well-known manufacturers within the Pharmaceutical, Personal Care, Human Food and Animal Industry sectors.

Barentz has in place an approved suppliers list for each of the industries in which we operate. Approval of a Supplier of product is in accordance with our due diligence as a business as well as the Corporate Procedures for selection of ingredients partners and which may include that the Supplier:

Barentz is confident that through outsourced logistics we are able to offer a robust and reliable service ensuring that third party suppliers can conform with the relevant Codes of Practice, legislation, or competent regulatory agencies as necessary.

Our performance indicators

We will know the effectiveness of the steps that we are taking to ensure that slavery and/or human trafficking is not taking place within our business or supply chain if no reports are received from employees, our Suppliers of product or service, our Customers, competent regulatory agencies or through on-going inspections and audits of our quality systems to indicate that modern slavery practices have been identified.
